

Why Associations Need an All-In-One App — and Why mosaic Fits the Bill

In the fast-paced world of associations and nonprofits, fragmented tools and manual workflows hold you back. You need an integrated solution that simplifies events, engages members, and connects systems across your organization.

What Associations Really Need

- **Unified Event Management:** One platform to **register, check in, and pay**, simplifying everything from scheduling to badge printing.
- **Member Engagement Tools:** Direct messaging, member directories, virtual communities, and news feeds—so your members actually use the app.
- **AMS Integration:** Real-time syncing with systems like iMIS, and Personify—no double data entry or delays.
- **Hybrid and Virtual Support:** A single experience for in-person, remote, or hybrid attendees—ensuring seamless participation.
- **Multilingual and Scalable:** Flexible enough to support diverse, international or multilingual audiences and events of any size.

Mosaic — The All-in-One suite

Designed for associations, **mosaic apps** delivers all that—and more—right in leaders' pockets.

Key Features That Matter

- **Event Registration & In-App Payments**
Streamlined sign-ups and secure payment processing. Built-in e-commerce + SSO makes event admin a breeze.
- **Conference-Specific Dashboards**
Tailored interfaces for each event, displaying schedules, speakers, live updates, and session details.
- **Member Communication**
Direct messaging, news, and interactive communities foster real connection—no need to jump across platforms .

- **Seamless AMS Integration**
Supported with SSO and real-time data syncing for iMIS and other systems—meaning member profiles, payments, and event analytics all stay up-to-date .
- **Check-In App with Touchless Functions**
QR code-based onsite check-in, badge printing, and touchless entry accelerate lines and enhance hygiene.
- **Resource Library & Sponsorship**
Host and share PDFs, videos, and sponsored content from within the app itself.
- **Multilingual Support Out-Of-The-Box**
Built for global audiences—with support for different languages using native app technology.

Proven Results: Real Associations, Real Success
